

VOLUNTEER OPPORTUNITIES

Volunteering in the pantry!

Great for people looking for group atmosphere! These positions work with other volunteers to make sure our clients have access to whatever they may need – non-perishable items, hygiene products, meat, fresh produce, dairy and baked goods. These volunteers would be comfortable answering questions and providing guidance for navigating the pantry. Some lifting and reaching may be required, although we all share the load.

Volunteering for client check-in!

This position is great for someone who is familiar with a computer or an iPad. The volunteer helps get information for new clients entered into our database and checks in and/or updates existing ones. Occasionally the volunteer also asks for feedback and/or administers surveys or offers information on other local assistance.

Volunteering for short-term projects!

These volunteers are willing to jump into projects alongside the Board of Directors that happen occasionally or annually. Some examples are: Decades Night Fundraiser (fall), Christmas Concert (winter) Rummage Sale Fundraiser (spring) and USPS Postal Drive. The ideal candidate would be able to help with new fun ideas for events, contact businesses, assemble gift baskets, serve refreshments, direct people and much more!

Volunteering for the Board of Directors!

This volunteer is more likely to have evening availability that may or may not coincide with pantry hours. Volunteers on the Board help guide the pantry to be sustainable and continue to help those who need it. Time commitment is around 15-20 hours per year including fundraisers with a three-year commitment. These volunteers either have ideas or energy to help others execute ideas...or both! Many of those interested in the Board of Directors may consider a short-term project alongside the existing Board to get their feet wet!

For more information on this or other volunteering projects, please contact Director Amy Bergstrom – director@cchope.net or 715-693-7145.
